

JASVANT SINGH DOSANJH

Senior Systems & Endpoint Engineer — MDM, Zero-Trust Identity & Cloud Automation (425) 309-5295 · jasvantdosanjh@outlook.com · linkedin.com/in/jasvantsd · jasvant.dosanjhlabs.com

PROFESSIONAL SUMMARY

Senior Systems & Endpoint Engineer with 10+ years running secure, large-scale device fleets (macOS, Windows, iOS, Linux) across higher ed, healthcare, gaming, and Big Tech. Cut SLAs 96% and provisioning time 75% through automation, built a 100+ device gaming-studio environment from zero in 5 months, and led 9 engineers through a leadership vacancy — all while keeping HIPAA/NIST environments audit-ready. Deep in JAMF, Intune, JumpCloud, and Zero-Trust identity, with a builder's instinct for AI tools other teams adopt as their new standard.

PROFESSIONAL EXPERIENCE

Dosanjh Labs, Seattle WA — Founder & Principal Engineer | Mar 2026 – Present

- Shipped a 12-product SaaS suite live at dosanjhlabs.com on a serverless Cloudflare platform, including Cairn — a single-binary tool on PyPI unifying 12+ MDM/EDR APIs (Jamf, Intune, JumpCloud, CrowdStrike, Defender) into one authoritative Snipe-IT inventory.

University of Washington, Seattle WA — Sr. Computer Specialist, Infrastructure · Interim Helpdesk Manager (3 mo.) | Jan 2023 – Mar 2026

- Cut support SLAs 96% (48 hrs to 2 hrs) and modernized 300+ macOS/iPadOS devices by engineering a unified security baseline (CrowdStrike, VPN, cert-based auth) and overhauling JAMF Pro enrollment — both later adopted college-wide.
- Delivered HIPAA-compliant clinical infrastructure and cut \$30K/year in spend by building the Speech & Hearing Sciences Clinic's environment and integrating 5 clinical vendors.
- Owned a \$250K annual hardware lifecycle program as the team's sole Workday-certified buyer, negotiating pricing directly with Dell and Apple.
- Sustained uninterrupted service during a leadership vacancy as Interim Helpdesk Manager for a 9-person team (incl. 4 union staff), completed a 6-month zero-downtime security migration, and served as System Security Officer & CIO for CSSCR running NIST/HIPAA audits.

Tencent — Team Kaiju Studio, Bellevue WA — Lead Systems Administrator (acting IT Manager) | Jul – Dec 2022

- Built a multi-OS endpoint stack for a global gaming studio from zero in 5 months — JumpCloud MDM, Google Workspace SSO/MFA, AWS, 100+ workstations — while supervising a sysadmin and a PM.
- Set the identity standard adopted by sibling studios in LA and Montreal by designing a scalable JumpCloud Go MFA model.

Omni Group, Seattle WA — DevOps Engineer (Contract) | Feb – May 2022

- Cut per-server ramp-up 75% (4 hrs to 1 hr) and enabled scaling without added headcount by automating macOS server imaging and API-driven configuration via shell scripting.

Meta — Enterprise Engineering, Seattle WA — Apprentice Systems Technician | Aug 2020 – Feb 2022

- Unblocked 5,000+ AR/VR employees by engineering Bomgar-on-Linux docs adopted as BeyondTrust's first-party solution on the #1-ranked ticket-resolution team nationally, while mentoring 20 YearUp externs and 10 technicians (5 converted to full-time).

Rochester Community Schools, Rochester MI — Technical Assistant / Consultant | Aug 2019 – Nov 2020

- Delivered a 1:1 Chromebook rollout across 6 schools within an 8-week COVID-19 deadline; authored a Google Workspace curriculum adopted district-wide.

TECHNICAL PROJECTS

AI Sikh Librarian (HuggingFace: jsdosanj/SikhLibrary · sikharchive.net) — RAG pipeline (Qwen2.5) over a 758M+ word corpus with a custom OCR pipeline; active users in 20+ countries.
GurmukhiFix (PyPI) — Published OCR post-processing library for Gurmukhi/South Asian scripts with confidence-based routing and a SQLite learning engine.

LEADERSHIP & SERVICE

Chair, IT Committee — Board of Directors, UW Professional Staff Organization (2024–2026) · Faculty Council, UW IT & Cybersecurity / Benefits & Retirement / Research (2024–2026)

TECHNICAL SKILLS

MDM & Endpoint: JAMF Pro (Certified), Intune, JumpCloud, Apple Business Manager, DEP, Declarative MDM · **Infrastructure:** macOS, Windows Server, Linux, Active Directory, Google Workspace, AWS, Azure, VMware, DHCP/DNS/VPN **Automation:** Bash, PowerShell, Python,

REST APIs, GitHub Actions, CI/CD · **Security:** HIPAA, NIST CSF/800-53, FERPA, CrowdStrike EDR, conditional access, incident response **Languages:** English & Punjabi (fluent); Hindi & Urdu (conversational)

EDUCATION & CERTIFICATIONS

B.S. in Information Technology and Project Management — Oakland University.

Certifications: JAMF Pro Certified Technician · Google Cloud Digital Leader · Cloud Security & Audit Fundamentals (AWS/Azure/GCP) · InfoSec Cyber Incident Response · HIMSA NOAH Product Support Engineer. In progress: CompTIA Security+ (Expected Oct 2026).
