Seattle, WA · +1 (425) 309-5295 · jasvantdosanjh@outlook.com · [linkedin.com/in/jasvantsd](https://www.linkedin.com/in/jasvantsd) · jdosanj.github.io/website

PROFESSIONAL SUMMARY

IT Manager with 10 years leading infrastructure, helpdesk, and endpoint operations in regulated, multi-vendor environments. Skilled at managing personnel, enforcing compliance, and delivering concurrent operational programs on deadline while controlling cost and rebuilding trust across departments.

CORE COMPETENCIES

Team Leadership & Mentorship · Helpdesk & Endpoint Operations · Vendor & Budget Management · SLA Negotiation · HIPAA / FERPA / NIST Compliance · Incident Response (CrowdStrike) · Jamf Pro · Microsoft Intune · JumpCloud · Active Directory · AWS / Azure / GCP · Networking (DHCP, DNS, VPN)

PROFESSIONAL EXPERIENCE

University of Washington — College of Arts & Sciences, Dean's Office IT

Jan 2023 – Mar 2026

Senior Computer Specialist – Infrastructure

- Served as operational lead for helpdesk and infrastructure during an extended leadership transition; mentored and managed 9 staff (including 4 union-represented civil-service employees), restructuring ticket-dispatch workflows and accountability.
- Onboarded the Speech & Hearing Sciences Clinic into centralized IT — enforced HIPAA, rebuilt fractured faculty–IT relationships, improved SLA from 48 to 2 hours, and reduced IT spend by \$30,000/year.
- Managed a \$250,000 annual hardware-lifecycle program to 100% budget compliance; served as cybersecurity lead for CAS IT (CrowdStrike incidents) and as CIO / System Security Officer for CSSCR across WA/CA compliance frameworks.

Tencent — Team Kaiju Studio

Jul 2022 – Dec 2022

Systems Administrator (acting IT Manager)

- Stood up a complete gaming-studio IT environment from zero in 5 months, supervising a systems administrator and project manager; architected the JumpCloud MDM + Google SSO/MFA identity stack later adopted by sibling studios in Los Angeles and Montreal.

Omni Group

Feb 2022 – May 2022

DevOps Engineer (Contract)

- Automated macOS imaging and API configuration via shell scripting, cutting provisioning time 75% (4 hours to 1) and scaling server operations without adding headcount.

Meta — Enterprise Engineering

Aug 2020 – Feb 2022

Apprentice Systems Technician

- Authored Linux porting documentation elevated to BeyondTrust as a first-party solution for 5,000+ AR/VR employees; mentored 30 technicians and externs, with 5 converting to full-time roles.

Earlier Experience. Rochester Community Schools — Technical Consultant / district IT lead, COVID-19 1:1 Chromebook rollout across 6 buildings (2019–2020). · Oakland University — Technology Services Mentor, Kresge Library & UTS (2018–2020).

EDUCATION & CERTIFICATIONS

Oakland University — B.S. in Information Technology Project Management (in progress; 118 credits completed)

Certifications. Indiana University, Kelley School of Business — People Management · Jamf Pro Certified Technician · Google Cloud Digital Leader · Cloud Security & Audit Fundamentals (AWS, Azure, GCP) · InfoSec Cyber Incident Response · HIMSA NOAH Support Engineer

LEADERSHIP & OPEN-SOURCE PROJECTS

University of Washington Professional Staff Organization — Board of Directors; UW Faculty Councils — IT & Cybersecurity, Research, Benefits & Retirement (2024–2026); GrizzHacks — Director of Development.

AI Sikh Librarian — RAG pipeline (Qwen2.5) over a 758M+ word multilingual corpus with a custom South-Asian-script OCR pipeline; active users in 20+ countries. · Gurmukhifix — Python OCR post-processing library (PyPI release in progress).
