

JASVANT SINGH DOSANJH

IT Operations & Infrastructure Manager | Service Delivery, Program Management & Compliance

+1 (425) 309-5295 | jasvantdosanjh@outlook.com | linkedin.com/in/jasvantsd | jasvant.dosanjlabs.com

PROFESSIONAL SUMMARY

IT leader with 10+ years managing infrastructure, help desk, and service-delivery teams (up to 9 direct reports) across higher education, healthcare, gaming, and Big Tech. Cut department SLA by 96%, managed \$250K+ annual hardware/budget programs, and delivered zero-downtime infrastructure migrations across HIPAA, FERPA, and NIST-regulated environments. Combines hands-on ITSM and infrastructure management with Agile/SDLC program management, vendor and budget oversight, and GRC/compliance expertise — translating technical risk into decisions executives and stakeholders can act on.

CORE COMPETENCIES

IT Service & Operations: ITSM, Help/Service Desk Management, Incident Management, SLA Management, Ticketing & Escalation, Change Management, Asset & Procurement Management, Hardware Lifecycle Management, Business Continuity & Disaster Recovery

Infrastructure & Identity: Active Directory, Windows Server, Linux, macOS, JAMF Pro, Microsoft Intune, JumpCloud, MDM/Endpoint Management, Google Workspace Admin, SSO/MFA, Identity & Access Management (IAM), AWS, Azure

Program & Project Management: Agile, Scrum, SAFe, Kanban, Waterfall, SDLC, Jira, Confluence, Azure DevOps, Microsoft Project, Workday, Budget Management, Vendor Management, Stakeholder Management

Security, Risk & Compliance: NIST CSF, NIST SP 800-53, NIST SP 800-171, HIPAA, FERPA, CMMC, SOC 2, ISO 27001, GDPR, GRC, Risk Assessment & Remediation, Compliance Audits, CrowdStrike EDR

Leadership: People Management, Cross-Functional Team Leadership, Mentorship & Coaching, Executive Communication, Technical-to-Business Translation

Development & Automation: Python, Bash, CI/CD, GitHub Actions, DevSecOps, Code Review

EXPERIENCE

Founder & Program Manager, IT Security & Compliance Platform | Mar 2026 – Present

Dosanjh Labs (Open-Source Security & Compliance Platform) | Seattle, WA

- Own product strategy, roadmap, and full SDLC for a 12-product IT security and compliance suite, applying Agile sprints and AI-assisted development to ship GRC, HIPAA risk, vendor risk, policy management, and incident-response tooling from requirements through CI/CD deployment.
- Built Sightline, a GRC platform mapping compliance posture across 22+ frameworks (NIST CSF 2.0, NIST SP 800-53, HIPAA, SOC 2, CMMC, ISO 27001, FERPA, GDPR), and Bastion, a CMMC/NIST SP 800-171 self-assessment tool that computes live DoD SPRS scores and auto-generates audit-ready SSPs and POA&Ms.

Senior Computer Specialist – Infrastructure | Interim Helpdesk Manager (3 mo.) | Jan 2023 – Mar 2026

University of Washington, College of Arts and Sciences IT | Seattle, WA

- Managed a 9-person infrastructure and help desk team, including 4 union civil-service staff, as Interim Helpdesk Manager for 3 months during an extended leadership vacancy; established formal ticket-dispatch accountability and sustained uninterrupted service college-wide.
- Cut department SLA 96% (48 hours to 2 hours) and eliminated \$30,000/year in redundant IT spend by leading the Speech and Hearing Sciences Clinic's onboarding into centralized IT as primary project lead, coordinating 5 clinical vendors and enforcing HIPAA compliance.
- Managed a \$250,000 annual hardware lifecycle program as the team's sole Workday-certified buyer, advising departments on budget-aligned device counts, then procuring, imaging, and deploying hardware college-wide while negotiating pricing directly with Dell and Apple.
- Delivered a 6-month, zero-downtime network security migration across CAS buildings, producing a reusable migration framework later adopted by peer IT teams across additional UW colleges.
- Served as System Security Officer and CIO for CSSCR, running NIST CSF, NIST SP 800-53, and HIPAA audits and delivering gap-remediation plans to department heads under multi-state (WA/CA) and federal IES compliance requirements.

Lead Systems Administrator — Contract (5-month engagement) | Jul 2022 – Dec 2022

Tencent, Team Kaiju Studio | Bellevue, WA

- Built a complete gaming-studio IT environment from zero in 5 months — AWS infrastructure, JumpCloud MDM, Google Workspace SSO/MFA, office networking, and 100+ multi-OS workstations — supervising a systems administrator and project manager ahead of studio launch.
- Designed the unified JumpCloud MDM + Google Workspace SSO/MFA identity stack; the JumpCloud Go MFA rollout was adopted as the standard configuration across Tencent studios in Los Angeles and Montreal.

DevOps Engineer — Contract (3-month engagement) | Feb 2022 – May 2022

Omni Group | Seattle, WA

- Cut per-server ramp-up time 75% (4 hours to 1 hour) by automating macOS server imaging, volume mounting, and API configuration via Bash scripting, enabling horizontal scaling without added headcount.

Apprentice Systems Technician | Aug 2020 – Feb 2022

Meta, Enterprise Engineering | Seattle, WA

- Mentored 30 technicians and externs (20 YearUp externs, 10 enterprise support techs), converting 5 externs to full-time hires, and helped the PNW Enterprise Support team rank #1 nationally in ticket resolution across Meta Enterprise Engineering.
- Authored Linux porting documentation adopted by Meta's Director of Enterprise Operations and BeyondTrust as a first-party supported solution, resolving software incompatibilities for 5,000+ AR/VR engineers.

Lead Technical Consultant | Aug 2019 – Nov 2020

Rochester Community Schools | Rochester Hills, MI

- Promoted to district IT lead during COVID-19 response; directed 6 technicians across 7 schools to complete a 1:1 Chromebook rollout and full asset inventory for 15,000 students in 8 weeks.
- Authored a Google Workspace remote-learning curriculum adopted district-wide at the principal's request; trained IT staff across schools to deliver it.

Early Career | 2016 – 2020

- Technical PM Intern, Chef Koochooloo (2019): Led product pitch securing \$2M in funding from the Chilean government and Nestlé.
- Technology Services Mentor, Oakland University (2018–2020): Mentored student IT technicians; cut ticket volume 40%.
- IT Support Specialist, Oakland Community College Athletics Dept. (2016–2018): Sole IT staff providing tier 1/2 support across hardware, networking, AV, and web systems.

TECHNICAL PROJECTS

- Independently designed and shipped 4 production platforms demonstrating hands-on AI/ML and full-stack delivery: a 758M+ word open-source multilingual NLP corpus with a custom OCR pipeline (Sikh Library), a RAG semantic search engine (Sikh Archive), an e-learning platform with 558+ courses (Sikh University), and a certification exam-prep platform with 1,200+ questions (CertPrep).

LEADERSHIP & COMMUNITY

- Chair, IT Committee — UW Professional Staff Organization Board of Directors (2024–2026)
- UW Faculty Council — IT & Cybersecurity and Research subcommittees (2024–2026)
- Volunteer Educator, Basics of Sikhi (2024–Present): 50+ speaking engagements on Sikh history and philosophy across 5 countries

EDUCATION & CERTIFICATIONS

B.S. in Information Technology and Project Management — Oakland University

In Progress: PMP (PMI, Expected Oct 2026); CompTIA Security+ (Expected Oct 2026)

Completed: JAMF Pro Certified Technician, Google Cloud Digital Leader, Cloud Security & Audit Fundamentals (AWS, Azure, GCP), InfoSec Cyber Incident Response, HIMSA NOAH Product Support Engineer, CPMI Micro-Credential (PMI)

LANGUAGES

English & Punjabi (fluent); Hindi & Urdu (conversational)
